How does the decision of the British electorate to leave the European Union impact on the economy? As it is yet unclear what kind of relationship the United Kingdom wants to establish with the European Union, Ulrich Hoppe discusses various scenarios.

Dr Ulrich Hoppe is Director General of the German-British Chamber of Industry & Commerce. He holds a Diplom-Betriebswirt from Hochschule Bremen, a MA degree in International Business from the University of Reading and a Doctorate in Governance from Queen's University in Belfast.

The German-British Chamber of Industry & Commerce is a business to business organisation of some 750 British and German member firms. Its mission is to promote trade and investment between the UK and Germany.
