

Research Colloquium WS 2011/12

Tuesday, 22 November 2011
10.00 – 15.00 h

This winter semester the Centre will organise a whole Study Day for its Research Colloquium. Apart from discussion concerning current research projects, the Study Day aims to offer and encourage general discussion, also in an informal setting following the official part of the meeting. Furthermore, it will give us the opportunity to welcome the Centre's new Visiting Fellows.

- | | |
